## Memo for Rheostat Product Line Discontinuation

To whom it may concern:

Over the past several weeks Specialty Product Technologies (SPT) has been engaged in a review of all product offerings within our portfolio. During this review it was determined that the Rheostat products of the Joslyn Clark brand are not part of the long-term plan for the SPT business and will be discontinued. SPT will manufacture any current orders that are already placed before the line is shut down.

SPT will also be offering a last time buy opportunity for all customers who have placed orders within the last three years. This last time buy opportunity is to allow our customers to have sufficient stock, while they source another vendor or re-designed their systems. All last time buy orders will need to be received by September 29<sup>th</sup>, 2023. Orders will not be accepted after this date.

Best Regards,

A handwritten signature in black ink that reads 'Kyle Cartright'.
