

*The New
Vibraswitch 365A*

Positive Protection. Explosion-Proof. Weatherproof.

When every minute of production downtime means thousands of dollars lost, you want a reliable vibration detection switch that can protect your equipment against catastrophic failure. Robertshaw offers a complete line of vibration switches and monitors that are backed by more than 50 years of performance. The new 365A continues this tradition, offering the quality you expect with the reliability your process demands.
